### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art has failed to suggest either singly or in combination a noel folding wheelchair. The applicant has disclosed the use of extensible working bodies connected to rear legs and upper end portions of right and left rear frames so as to be rotatable forward and backward. The applicant has further disclosed the use of a motor operating the respective working bodies so as to expand and contract synchronously. The motor is provided in an upper end portion of the working bodies.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Election/Restrictions***

2. Applicant's election of group I in the reply filed on 1/6/05 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

3. This application is in condition for allowance except for the presence of claim 2 to an invention non-elected without traverse. Accordingly, claim 2 has been cancelled.
